Overview:Welcome to Villa TrueLove, a breathtaking sanctuary nestled in the heart of Benahavís, where architecture, nature, and serenity converge in perfect harmony. Enter through an impressive wooden door flanked by volcanic rock statues of ‘Perros Fu', and you are immediately embraced by an atmosphere of spiritual tranquility and discreet luxury. This six-bedroom, five-bathroom masterpiece offers a unique combination of timeless design and cutting-edge technology, surrounded by lush gardens and sweeping views that speak directly to the soul. The interior of Villa TrueLove is a curated expression of natural elements and fine craftsmanship. From the first master bedroom adorned in wood and stone to the open ensuite bathroom with an artisan sink and walk-in dressing room, every corner is designed to soothe and inspire. Just beyond lies the villa's wellness zone - home to an eight-person sauna, full massage area, and an awe-inspiring 1,500-year-old granite bathtub basking in sunlight under a skylight. The living areas flow organically into the gardens, where a parquet and opaque glass floor gives the illusion of walking on water, anchored by a central bioethanol fireplace. The kitchen, a design showpiece, combines natural wood with stainless steel and a sculptural island built to entertain and impress. Adjacent to the main living area is the second master suite, a space with high ceilings and soft LED ambiance, styled with mid-century character and an open-plan bathroom featuring a gilded basin and walk-in glass shower. Upstairs, a fully equipped gym offers panoramic mountain and garden views, allowing you to train in total peace. The lower level reveals a private world of comfort and utility, with a concrete-and-parquet utility room, two design-forward bedrooms with ambient lighting

and organic materials, and a cinema room acoustically designed for immersive viewing, complete with bar and guest facilities. Hidden within the lower floor is perhaps the villa's most surprising feature - a fully equipped panic room designed to accommodate up to 12 people. Self-sufficient with its own kitchen, bathroom, dining area, and surveillance access, this secure space is a testament to the property's dedication to comfort and safety under any circumstances. Outside, the true heart of Villa TrueLove comes alive. The gardens are a sensory journey: soft hybrid grass underfoot, a meditative Japanese stone garden, sculpted olive trees, and a thriving fruit grove filled with tomatoes, bananas, avocados, and pomegranates. An ancient Bali temple sits quietly in the center of a koi pond, accessed via a wooden bridge and shaded by towering trees. The infinity pool stretches into the horizon with submerged loungers at one end and a serene Buddha statue at the other. Nearby, the guest house provides ultimate comfort with a kitchenette, bathroom, bedroom, and a dedicated chill-out area for visiting friends or family. On the far side of the garden stands the villa's symbolic guardian - 'Grandfather', a majestic 1,000-year-old Algarrobo tree whose slow, cyclical regeneration mirrors the villa's message of peace, rebirth, and spiritual reconnection. The emblem of TrueLove is subtly echoed throughout the home, grounding its luxury in meaning and intention. Villa TrueLove is equipped with state-of-the-art features including 42 solar panels, water tanks, a high-level security system, aerothermal technology, and a complete water purification system. This is not merely a home; it is a holistic experience designed to elevate the senses, still the mind, and enrich the soul. From the moment you arrive, you are enveloped in silence, balance, and beauty. And while you may one day leave its gates, a part of you will remain - forever connected to the essence of Villa TrueLove.
