Close to two very successful residential complexes, this area is very much appreciated and the success of the 2 afore-mentioned projects gives confidence that a new project here will create a great deal of interest from buyers looking for a peaceful location in a beautiful landscape but close to all the main thoroughfares and the town of Estepona. The plot is very attractively located with sea views and is 6 000 m2. The value is calculated when fully urbanised is EUR 300/sqm with that location
